7 stages of the ascending universe career:

1. Planetary Mortals.
2. Sleeping Survivors.
3. Mansion World Students.
4. Morontia Progressors.
5. Superuniverse Wards.
6. Havona Pilgrims.
7. Paradise Arrivals.

The reality of the subject of this lesson is something which cannot be experienced first hand by anyone of us who are still living and breathing, and so we must turn to pure revelation once again to gain any insights into these fascinating distant worlds that await our arrival.

## THE MANSION WORLDS

1. Deficiency ministry of first mansion world.

“Almost the entire experience of mansion world number one pertains to deficiency ministry, Survivors arriving on this first of the detention spheres present so many and such varied defects of creature character and deficiencies of mortal experience that the major activities of the realm are occupied with the correction and cure of these manifold legacies of the life in the flesh on the material evolutionary worlds of time and space.” 47:3.8

2. Life continuation on mansion worlds.

“On the mansion worlds the resurrected mortal survivors resume their lives just where they left off when overtaken by death. When you go from Urantia to the first mansion world, you will notice considerable change, but if you had come from a more normal and progressive sphere of time, you would hardly notice the difference except for the fact that you were in possession of a different body;

the tabernacle of flesh and blood has been left behind on the world of nativity." 47:3.1

### 3. Must make up our earth failures.

"Those things which you might have learned on earth, but which you failed to learn, must be acquired under the tutelage of these faithful and patient teachers. There are no royal roads, short cuts, or easy paths to Paradise. Irrespective of the individual variations of the route, you master the lessons of one sphere before you proceed to another; at least this is true after you once leave the world of your nativity." 48:5.7

### 4. Cosmic awakening on mansion worlds.

"A real birth of cosmic consciousness takes place on mansion number five. You are becoming universe minded. This is indeed a time of expanding horizons. It is beginning to dawn upon the enlarging minds of the ascending mortals that some stupendous and magnificent, some supernal and divine, destiny awaits all who complete the progressive Paradise ascension, which has been so laboriously but so joyfully and auspiciously begun. At about this point the average mortal ascender begins to manifest bona fide experiential enthusiasm for the Havona ascent. Study is becoming voluntary, unselfish service natural, and worship spontaneous. A real morontia character is budding; a real morontia creature is evolving." 47:7.5

### 5. Confirmation of Adjuster fusion.

"The union of the evolving immortal soul with the eternal and divine Adjuster is signaled by the seraphic summoning of the supervising super-angel for resurrected survivors and of the archangel of record for those

going to judgment on the third day; and then, in the presence of such a survivor's morontia associates, these messengers of confirmation speak: 'This is a beloved son in whom I am well pleased.' This simple ceremony

marks the entrance of an ascending mortal upon the eternal career of Paradise service.

"Immediately upon the confirmation of Adjuster fusion the new morontia being is introduced to his fellows for the first time by his new name and is granted the forty days of spiritual retirement from all routine activities

wherein to commune with himself and to choose some one of the optional routes to Havona and to select from the differential techniques of Paradise attainment." 47:8.4, Rev 2:17; 3:12; 14:1.

### 6. Is there a second probation?

"If ever there is doubt as to the advisability of advancing a human identity to the mansion worlds, the universe governments invariably rule in the personal interests of that individual; they unhesitatingly advance such a soul to the status of a transitional being, while they continue their observations of the emerging morontia intent and spiritual purpose. Thus divine justice is certain of achievement, and divine mercy is accorded further opportunity for extending its ministry.

"The governments of Orvonton and Nebadon do not claim absolute perfection for the detail working of the universal plan of mortal repersonalization, but they do claim to, and actually do, manifest

patience, tolerance, understanding, and merciful sympathy. We had rather assume the risk of a system rebellion than to court the hazard of depriving one struggling mortal from any evolutionary world of the eternal joy of pursuing the ascending career.

“This does not mean that human beings are to enjoy a second opportunity in the face of the rejection of a first, not at all. But it does signify that all will creatures are to experience one true opportunity to make one undoubted, self-conscious, and final choice. The sovereign Judges of the universes will not deprive any being of personality status who has not finally and fully made the eternal choice; the soul of man must and will be given full and ample opportunity to reveal its true intent and real purpose.” 112:5.7

Parental experience is required of all ascenders.

“On the seven mansion worlds ascending mortals are afforded ample opportunities for compensating any and all experiential deprivations suffered on their worlds of origin, whether due to inheritance, environment, or unfortunate premature termination of the career in the flesh. This is in every sense true except in the mortal sex life and its attendant adjustments. Thousands of mortals reach the mansion worlds without having benefited particularly from the disciplines derived from fairly average sex relations on their native spheres. The mansion world experience can provide little opportunity for compensating these very personal deprivations. Sex experience in a physical sense is past for these ascenders, but in close association with the Material Sons and Daughters, both individually and as members of their families, these sex-deficient mortals are enabled to compensate the social, intellectual, emotional, and spiritual aspects of their deficiency. Thus are all those humans whom circumstances or bad judgment deprived of the benefits of advantageous sex association on the evolutionary worlds, here on the system capitals afforded full opportunity to acquire these essential mortal experiences in close and loving association with the supernal Adamic sex creatures of permanent residence on the system capitals.

“No surviving mortal, midwayer, or seraphim may ascend to Paradise, attain the Father, and be mustered into the Corps of the Finality without having passed through that sublime experience of achieving parental relationship to an evolving child of the worlds or some other experience analogous and equivalent thereto. The relationship of child and parent is fundamental to the essential concept of the Universal Father and his universe children. Therefore does such an experience become indispensable to the experiential training of all ascenders.

“The ascending midway creatures and the evolutionary seraphim must pass through this parenthood experience in association with the Material Sons and Daughters of the system headquarters. Thus do such nonreproducing ascenders obtain the experience of parenthood by assisting the Jerusem Adams and Eves in rearing and training their progeny.

“All mortal survivors who have not experienced parenthood on the evolutionary worlds must also obtain this necessary training while sojourning in the homes of the Jerusem Material Sons and as parental associates of these superb fathers and mothers. This is true except in so far as such mortals have been able to compensate their deficiencies on the system nursery located on the first transitional-culture world of Jerusem.” 45:6.3

## SPIRIT PLAY AND RECREATION

### 1. All ascenders continue to play.

“The principles of Urantian play life are philosophically sound and continue to apply on up through your ascending life, through the circuits of Havona to the eternal shores of Paradise. As ascendant beings you are in possession of personal memories of all former and lower existences, and without such identity memories of the past there would be no basis for the humor of the present, either mortal laughter or morontia mirth. It is this recalling of past experiences that provides the basis for present diversion and amusement. And so you will enjoy the celestial equivalents of your earthly humor all the way up through your long morontia, and then increasingly spiritual, careers. And that part of God (the Adjuster) which becomes an eternal part of the personality of an ascendant mortal contributes the overtones of divinity to the joyous expressions, even spiritual laughter, of the ascending creatures of time and space.” 48:4.20

### 2. The manifold functions of humor.

“Humor should function as an automatic safety valve to prevent the building up of excessive pressures due to the monotony of sustained and serious self-contemplation in association with the intense struggle for developmental progress and noble achievement. Humor also functions to lessen the shock of the unexpected impact of fact or of truth, rigid unyielding fact and flexible ever-living truth. The mortal personality, never sure as to which will next be encountered, through humor swiftly grasps — sees the point and achieves insight — the unexpected nature of the situation be it fact or be it truth.” 48:4.18

### 3. Those who most need relaxation.

“The need for the relaxation and diversion of humor is greatest in those orders of ascendant beings who are subjected to sustained stress in their upward struggles. The two extremes of life have little need for humorous diversions. Primitive men have no capacity therefor, and beings of Paradise perfection have no need thereof. The hosts of Havona are naturally a joyous and exhilarating assemblage of supremely happy personalities. On Paradise the quality of worship obviates the necessity for reversion activities. But among those who start their careers far below the goal of Paradise perfection, there is a large place for the ministry of

the reversion directors.” 48:4.16

4. Increased spirituality lessens need for diversion.

“The higher the mortal species, the greater the stress and the greater the capacity for humor as well as the necessity for it. In the spirit world the opposite is true: The higher we ascend, the less the need for the diversions of reversion experiences. But proceeding down the scale of spirit life from Paradise to the seraphic hosts, there is an increasing need for the mission of mirth and the ministry of merriment. Those beings who most need the refreshment of periodic reversion to the intellectual status of previous experiences are the higher types of the human species, the morontians, angels, and the Material Sons, together with all similar types of personality.” 48:4.17
