United We Stand Divided We Fall

There is a river flowing now very fast. It is so great and swift that there are those who will be afraid. They will try to hold on to the shore. They will feel they are torn apart and will suffer greatly.

Know the river has its destination. The elders say we must let go of the shore, push off into the middle of the river, keep our eyes open, and our heads above water. And I say, see who is in there with you and celebrate.

At this time in history, we are to take nothing personally, Least of all ourselves. For the moment that we do, our spiritual growth and journey comes to a halt.

The time for the lone wolf is over. Gather yourselves! Banish the word struggle from you attitude and your vocabulary.

All that we do now must be done in a sacred manner and in celebration.

We are the ones we've been waiting for.

All this madness has to be stopped and we have to sort this mess out in favour of the living people. Realise that this is a spiritual battle — and that you are in the midst of a spiritual war of good against evil, truth against lies, and fact against fiction.

The lawful people are declared “legally” dead and the further claim is made that they died intestate, without a Will, and as “wards of the state” and Commonwealth, so that the priests can come in under the guise of probate executors acting for the government as the presumed beneficiary— and administer the assets of the “abandoned” estates (you are considered an asset and chattel property of your own estate).

This same thing has been done around the world.

There is, attached to each one of us, a lie. It is so subtle that it seems to be part of us, but it is not. It is totally foreign, like an insidious parasite attached to your skin. It has been there, attached to you,

throughout your life. But it's not you, and it never was.

This foreign system sucks the life and value out of its hosts and then moves on to greener pastures—consistently. They siphoned everything they could from Germany and England even as they prepared their new nest in America. They began the same process more recently as they prepared to sack America in turn and move to China.

In Order For The People To Be Truly Free:

- (1) the entire Babylonian Slave System of enfranchisement and impersonation has to be broken, and;
- (2) the gigantic probate fraud has to be broken, and
- (3) the death cult religion giving rise to all this has to be eradicated.

There is a great deal more that goes into it, but this is the basic outline of what has gone on and regrettably, is still ongoing.

The courts, especially the Maritime Courts (Administrative Tribunals), have been highly complicit, and have outrageously presumed upon the people of Britain for the past hundred years.

At the end of the day, it's all nothing but fraud, fraud, and more fraud. It's fraud first and foremost against the actual Landlords who are living people owed the enjoyment of their assets, and fraud against the courts being called upon to take this seriously and accept responsibility to administer the enforcement of the fraud, and finally, fraud upon all the investors who are being snookered into buying this "underwater" real estate.

You are involved, whether you want to be or not, in the biggest wealth transfer in history. You are owed a lot of money, that you didn't know you had. You are finding this out now because corporations want to take your children, and want you [### dead###](#) , so they do not have to pay back debt!

Bankers, and elitists that are totally addicted to wealth and power, that their moral compass has been lost.

Each of us are writing our stories, and we have the opportunity to cast the darkness out of our souls and be our best and bravest from now on, for our own sake and for each other.

Let's make use of all the abundant bright light this day provides to look in the mirror, to see the shadow that clings to us, and cast it out. See yourself and see our country restored, whole, and full of abundant life, bathed in the pure light, and set free to live in peace.

Many are falling under dark persuasion, losing their ability to know, becoming confused and distracted, believing in things that can only weaken them in the face of those who seek to use them for their own purposes. – The intention is to eradicate mankind, leaving a select few to be employed as

workers further enslaved and institutionalised.

Mankind is not united, it is broken apart, and in contention with itself. Making us vulnerable to outside influences and manipulation, and the resources of our world are radically diminishing, and our independence is being lost with each passing day.

We must stand strong and gather together in heart and spirit and push back, by affirming the value of life, by staying steady in our commitment to justice and kindness, by focusing on all the things that unite us.

Mankind, this emerging race, facing a set of circumstances and influences like never before.

This is a great time, but mankind must prepare.

This is not a time to seek escape, this is not a time to concern yourself with your own happiness. This is a time to contribute to the world, strengthen our family and call forth those natural attributes that exist in us all; the ability to see, to know, to act in harmony with one another.

Everyone is going to have to choose: freedom or slavery. There is no navigating around this.

This is not a time to worry about real estate or precious metals. It is time to build an army. There's no wiggling around this.

We are emerging into a mature and complicated set of circumstances, here we cannot be like children and believe and hope for the blessings of all whom you may encounter.

Be wise and discerning.
